Fun Hopping Games

Hopscotch (♣/•/🏠) – Just as much fun now as it was when your grandparents played it! Show your kids how. Need a reminder? Find a piece of concrete and draw this on with some chalk or use masking tape inside on a rainy day. Each player needs a pebble or bottle cap etc. -Throw your pebble into the first square, If you miss your turn is over. Hop on every square, missing the one with the pebble, and hop back. Pick up your pebble (still on one foot) on the way back. Repeat for all squares. If you step on a line, miss a square, touch the ground with your other hand while your picking up your pebble, or fall over your turn is over. Next turn start where you left off. First to complete the lot wins.

Hopo Bumpo (♣) – In a confined area with a friendly fall surface attempt to be the last one hopping (no limit on participants.). Holding one foot up behind you with one hand you need to keep hopping, not put your foot down or fall, and stay within the play area. Reasonable bumping is allowed to topple other participants. You can't use your free arm to push!

KEY: ♣ = can be played by one person, ♣ = needs more than 1 player, 🏠 = some equipment needed, • = organisation required, 🏠 = can be played inside
