

# Ready, Set, Grow

## SCHOOLS PROGRAM

### Would you like to know how to start, maintain or expand a school food garden?

You are invited to a practical workshop on setting up and running a school garden, good food gardening practices, composting and worm farming, as well as information on using school gardens to teach students about healthy eating and sustainability.

We are also providing advice on access to resources, lesson ideas and funding options.

**When:** Friday 4 March 2011

**Time:** 9.30am–2.45pm with 1/2 hour lunch

**Where:** Fagan Park Eco Garden, Fagan Park, Arcadia Road, Galston

For more information, please see the Ready, Set, Grow project plan provided to your principal, or phone Council's Waste Education Officer on 9847 4889.
